non-surgical  
cosmetic procedures

## Non-surgical treatments

All of our practitioners are registered with the Nursing and Midwifery Council in the UK. They have chosen to specialise in non-surgical procedures and have undergone our extensive training and assessment programme.

Your New You Practitioner will help you select the best treatment using the latest technology so that you achieve great results and receive the very best care and attention from start to finish.

### Skin analysis..... complimentary (worth £25)

As part of your free consultation, every New You client will receive a state of the art skin analysis to assess your skin and develop a tailor-made program. It identifies various skin problems including sun damage and ageing enabling us to recommend the best treatments and regimes for you.

### Wrinkle relaxing injections

For frown, forehead and eye wrinkles. Botulinum toxin type A injections are now the UK's no 1 treatment for facial lines and wrinkles simply because it really does remove the telltale signs of ageing.

- Single area ..... £195
- Two areas ..... £245
- Three areas..... £295

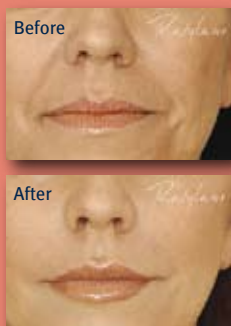

### Sclerotherapy..... £150

Thread veins are extremely common and sometimes embarrassing. Sclerotherapy uses a very fine needle to inject a solution into the vein, which causes it to perish. A course of treatments is usually all that is needed to leave your skin feeling smooth and blemish-free.

### Dermal fillers

For a softer, younger look... naturally. Facial line smoothing and lip enhancement, using hyaluronic acid or collagen based fillers. As these products are identical to natural substances in the body it means they are completely natural and safe.

- Restylane 1ml..... £250
- Perlane 1ml..... £275
- Evolve 1ml.....£300

### Sculptra™.....£400

Sculptra is an injectable treatment that works by stimulating the build up of your body's own collagen to smooth out lines and wrinkles. Its volumising effect also restores lost facial volume, resulting in a fuller younger-looking face.

### Reducing excessive sweating ..... £450

Here's a simple solution to an uncomfortable problem. If excessive underarm sweating is holding you back, we can provide an instant answer.

### Skin Peels

A skin peel is used to soften and improve the appearance of your skin and remove pigmentation. It works by removing old, dead skin enabling the healthy layers beneath the surface to grow. This new skin looks more even, brighter and fresher with an overall new softer glow. We have a range of peels available to suit you and your skins needs.

- TCA course (inc. 2 creams) .....£600
- TCA course and Onlytouch (inc. 2 creams) ..... £650
- Unideep..... £350
- Glycolic peel ..... £95
- Glycolic course (inc. 2 creams) ..... £510
- Easy Phytic skin brightener..... £75
- Easy Phytic course .....£400
- Theraderm L.A. peel (inc. skincare regime) ..... £395

### Body contouring & cellulite treatment.....£135

Accent radio frequency body remodelling is a more general 'all over' treatment that not only reduces fat in smaller stubborn areas, but also tones the skin and can be used to remove cellulite and wrinkles.

## Laser

### Pixel laser skin resurfacing ..... from £200

The very latest in anti-ageing treatments. Stimulates the formation of new collagen and elastin, improving skin tone and texture.

### Laser hair removal..... from £35

Why live with unwanted hair? With laser hair removal, you can choose to enjoy smooth skin day after day – and say goodbye to waxing and shaving.

### Tattoo removal from..... £55

Laser tattoo removal is a safe and effective treatment that makes tattoos of all sizes and colours simply fade away.

### Thread vein removal ..... from £112

### Laser skin rejuvenation..... from £160

### Laser skin pigmentation reduction ..... from £135

### Laser acne treatment ..... from £90

## Cosmetics

### Neostrata, SkinTech & Theraderm skincare

Recommended by physicians, these products are beneficial in improving the visible signs of ageing or sun damaged skin and for the treatment of various dermatological conditions including acne, dry skin, hyperkeratosis and hyperpigmentation.

### Jane Iredale mineral make-up

The skin care make-up. The Jane Iredale range is so safe and beneficial to use that it is recommended by Plastic Surgeons and Dermatologists throughout the world. Its state-of-the-art minerals are available in so many shades that there's one for every complexion. Colour matching and make-up sessions available.

## Surgical

Surgeons who work with the New You Clinic are of the highest calibre and all surgery is done in the UK's finest clinics and hospitals. Various procedures are available for both men and women, including everything from breast augmentation, to facelifts and eye bag removal.
